## PROGRAMME REPORT

<b>Name of the programme :</b>	A One Day Work Shop On Research Paper Writing Methods
<b>Date of the programme:</b>	26.06.2021
<b>Resource person details :</b>	Mr.Devarajulu Koneti Program Director, HCL Chennai. Ph no:9566064159 Mail id:devarajuluk@gmail.com
<b>Program co-ordinator:</b>	Mrs.P.Sheela, Asst Prof HOD CSE DEPARTMENT, WISE ENGINEERING COLLEGE
<b>Organized by :</b>	DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
<b>venue :</b>	West Godavari Institute of Science and Engineering

## OBJECTIVES OF THE PROGRAM

Research papers are similar to academic essays, but they are usually longer and more detailed assignments, designed to assess not only your writing skills but also your skills in scholarly research. Writing a research paper requires you to demonstrate a strong knowledge of your topic, engage with a variety of sources, and make an original contribution to the debate. Completing a research paper successfully means accomplishing the specific tasks set out for you. Before you start, make sure you thoroughly understanding the assignment task sheet:

- Read it carefully, looking for anything confusing you might need to clarify with your professor.
- Identify the assignment goal, deadline, length specifications, formatting, and submission method.
- Make a bulleted list of the key points, then go back and cross completed items off as you're writing.

## OUTCOME OF THE PROGRAM:

Environmental Scanning is an important business tool in any entrepreneurship. When an entrepreneur is coming up with new ideas, plans or innovation of any kind he must first understand if the environment is suitable for this. It helps him develop his creative ideas into actual products that can be offered in the market. So scanning the environment will help him gauge the acceptance of the product, and the opportunities and threats he may face.

## OUTCOME OF THE PROGRAM:

Single window system for registration of Micro, Small & Medium Enterprises. Come, Register & Be An MSME! MSME Registration process is fully digitalized & paperless; no need to upload any document. Registration is totally free; No Costs or Fees are to be paid to anyone.

It is done to increase cost-effectiveness and promote the use of clean energy in manufacturing. Well, the MSME registration procedure offers a variety of rewards and incentives, both monetary and non-monetary. These benefits of MSME registration are connected to the commercial and entrepreneurial growth of the company

## PROGRAM OBJECTIVE

IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. There are several types of intellectual property protection like patent, copyright, trademark, etc.

## PROGRAM OUTCOME

Just like the world, India also protects the rights of owners of a creation. It could be literary or artistic work, or an invention, or a good will. It should be noted that law in India in the 21 century has been greatly affected with developments in the technological world. Intellectual property rights in India grant exclusive rights to owners of creative works to enjoy the gains. The laws also protect them against the infringement of IPRs in India. .

### OBJECTIVES OF THE PROGRAM

A research problem is a statement about an area of concern, a condition to be improved, a difficulty to be eliminated, or a troubling question that exists in scholarly literature, in theory, or in practice that points to the need for meaningful understanding and deliberate investigation. The structure of the abstract should mirror the structure of the whole thesis, and should represent all its major elements. For example, if your thesis has five chapters (introduction, literature review, methodology, results, conclusion), there should be one or more sentences assigned to summarize each chapter.

#### **Topics covered:**

- Identifying and structuring the board problem area
- Learn more about the problem and its operational definitions
- Characteristics and types of an effective Research problem
- Tips and Guidelines for Abstract Thesis writing
- Three key elements of a Thesis Abstract.

## PROGRAMME REPORT

<b>Name of the programme :</b>	A One day Seminar on <b>Surviving grant agreement and advanced IPR strategies</b>
<b>Date of the programme:</b>	15.12.2021
<b>Resource person details :</b>	Mr. P. Sunil, Assoc Prof. SVECW, Bhimavaram. Ph no:9493237923 Mail id: <a href="mailto:psuneel@gmail.com">psuneel@gmail.com</a>
<b>Program co-ordinator:</b>	Mrs.M.PRASANNA KUMAR, Asst Prof MBA DEPARTMENT, WISE ENGINEERING COLLEGE
<b>Organized by :</b>	DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
<b>venue :</b>	West Godavari Institute of Science and Engineering

## OBJECTIVES OF THE PROGRAM

A Party's obligations under the Agreement will be continuous and survive expiration or termination of the Agreement as expressly provided in Agreement or otherwise required by law or intended by their nature. Intellectual Property Rights in general refers to the set of intangible assets including invention, creation, and contribution to the contemporaneous field of knowledge which is owned and legally protected by an individual or company from the outside use or implementation without approved consent. Intellectual property has increasingly assumed a vital role with the rapid pace of technological, scientific and medical innovation that we are witnessing today Intellectual property has therefore grown into one of the world's biggest and fastest-growing fields of law thereby necessitating the demand for IP professionals well versed in this area to deal with (IPRs) across the national and international borders.

### Topics covered:

- Discussed about entire agreement, conflicts and amendments
- Severability, notices and approvals
- Assignments, counter parts and electronic signatures
- About Participants, third parties, foreground and background

## **OUTCOME OF THE PROGRAM:**

Intellectual property rights have been becoming an increasingly important part of AT&T's competitive strategy. With the continuing increase in worldwide competitiveness, this trend seems likely to continue. Finally it was suggested that since there have been some bad copyright decisions in the computer software area, and I fully agree, the only solution is sui generis protection, because these decisions show the copyright system does not work for software. To me, it only shows that some judges do not understand copyright law and I think we have a very effective appellate process for taking care of that. So, before we look to sui generis, let us first try the appellate process.

### OBJECTIVES OF THE PROGRAM

The word professionalism originally applied to vows of a religious order. By no later than the year 1675, the term had seen secular application and was applied to the three learned professions: divinity, law, and medicine. The term professionalism was also used for the military profession around this same time. Professionals and those working in acknowledged professions exercise specialist knowledge and skill. How the use of this knowledge should be governed when providing a service to the public can be considered a moral issue and is termed "professional ethics"

### Topics covered :

- Ethical code
- Business ethics
- Engineering ethics
- Legal ethics
- Medical ethics

## OBJECTIVES OF THE PROGRAM

MSMEs (Micro, Small and Medium Enterprises) have become the backbone of the Indian economy. These companies, although small, constitute the grass roots level where raw materials or vital products/services are provided to customers or large companies. These companies are classified into two main categories: Services and Manufacturing. However, similar to other types of companies, MSMEs also require capital to start the company and expand. Such companies also apply for business loans to fulfill their capital requirements.

Registration is the first step in starting an MSME. This blog will help you understand the MSME registration process in India, along with the documents required and MSME's benefits.

### Topics covered:

- MSME Registration in India
- Documents needed for MSME Registration
- Benefits of MSMEs
- Applying for a Business Loan for MSME with IIFL

# WEST GODAVARI INSTITUTE OF SCIENCE AND ENGINEERING

## OUTCOME OF THE PROGRAM:

Just like the world, India also protects the rights of owners of a creation. It could be literary or artistic work, or an invention, or a good will. It should be noted that law in India in the 21 century has been greatly affected with developments in the technological world. Intellectual property rights in India grant exclusive rights to owners of creative works to enjoy the gains. The laws also protect them against the infringement of IPRs in India. .

## PROGRAMME REPORT

<b>Name of the programme :</b>	A One Day Seminar On Entrepreneur Resource Planning
<b>Date of the programme:</b>	23.02.2022
<b>Resource person details :</b>	Mr. N. KRISHNA Assoc professor Sasi college ,TPG. Ph no:9963748509 Mail id:krrish123@gmail.com
<b>Program co-ordinator:</b>	Mrs.P.Sheela, Asst Prof HOD CSE DEPARTMENT, WISE ENGINEERING COLLEGE
<b>Organized by :</b>	DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
<b>venue :</b>	West Godavari Institute of Science and Engineering

### OBJECTIVES OF THE PROGRAM

To be successful in business, it's not just your own company that you need to intimately understand—you should have a deep understanding of the environment surrounding your company. To stay ahead of the competition, make the right choices for your organization's future, minimize losses and gain knowledge about the factors that affect your business both directly and indirectly, you need to undertake environmental scanning.

# WEST GODAVARI INSTITUTE OF SCIENCE AND ENGINEERING

## OUTCOME OF THE PROGRAM:

An accurate summary shows the author's analytical and writing skills. It contains key objectives, research justifications, detailed methodology, writing techniques, major results and study statements. Never write thesis abstracts before completing a dissertation. Table of content and paper headings may be used as guidelines to write proper thesis abstract. Letting other people read your thesis abstract before submitting is important; it gives a chance to deal with possible mistakes in minutes. Thesis abstract includes various elements. It casts light on difficult methodology and identifies what is your research problem.

### OBJECTIVES OF THE PROGRAM

To be successful in business, it's not just your own company that you need to intimately understand—you should have a deep understanding of the environment surrounding your company. To stay ahead of the competition, make the right choices for your organization's future, minimize losses and gain knowledge about the factors that affect your business both directly and indirectly, you need to undertake environmental scanning.

### OUTCOME OF THE PROGRAM

Environmental Scanning is an important business tool in any entrepreneurship. When an entrepreneur is coming up with new ideas, plans or innovation of any kind he must first understand if the environment is suitable for this. It helps him develop his creative ideas into actual products that can be offered in the market. So scanning the environment will help him gauge the acceptance of the product, and the opportunities and threats he may face.

<b>Name of the programme :</b>	A One day Seminar on Art of writing thesis
<b>Date of the programme:</b>	24.03.2022
<b>Resource person details :</b>	DR.N,Y.RAJU. Assoc professor RK COLLEGE OF ENGINEERING AND TECHNOLOGY Contact:9908014193 Mail: <a href="mailto:raju123@gmail.com">raju123@gmail.com</a>
<b>Program co-ordinator:</b>	V.SUBHASH CHANDRA BOSE , MBA
<b>Organized by :</b>	DEPARTMENT OF MANAGEMENT STUDIES
<b>venue :</b>	West Godavari Institute of Science and Engineering

## OBJECTIVES OF THE PROGRAM

While a thesis is inadequate to address all the problems in a given field, it is succinct enough to address a specialized aspect of the problem by taking a stance or making a claim on what the resolution of the problem should be. Writing a thesis can be a very daunting task because most times it is the first complex research undertaking for the student. The lack of research and writing skills to write a thesis coupled with fear and a limited time frame are factors that makes the writing of a thesis daunting. A thesis is a statement, theory, argument, proposal or proposition, which is put forward as a premise to be maintained or proved. It explains the stand someone takes on an issue and how the person intends to justify the stand.

## PROGRAMME REPORT

Name of the programme :	A one day workshop on women entrepreneurship development
Date of the programme:	05.04.2022
Resource person details :	Dr. GANGADHARA RAO.U ,Assoc_Proff Andhra Loyola Institute of Engineering and Technology, Vijayawada 9440014816 <a href="mailto:mba.ugr@gmail.com">mba.ugr@gmail.com</a>
Program co-ordinator:	DR A. S.PRASAD MBA, B.L , M.Phill, Ph.D
Organized by :	DEPARTMENT OF MANAGEMENT STUDIES
venue :	West Godavari Institute of Science and Engineering

## OBJECTIVES OF THE PROGRAM

The entrepreneur is defined as someone who has the ability and desire to establish, administer and succeed in a startup venture along with risk entitled to it, to make profits. The best example of entrepreneurship is the starting of a new business venture. The entrepreneurs are often known as a source of new ideas or innovators, and bring new ideas in the market by replacing old with a new invention.

### Topics covered :

- Small Business Entrepreneurship
- Scalable Startup Entrepreneurship
- Large Company Entrepreneurship
- Social Entrepreneurship
- MSME's etc

## OUTCOME OF THE PROGRAM:

Entrepreneurship is not just about starting a business. It's a way of thinking and acting that is characterized by creativity, risk-taking, and initiative .People who have an entrepreneurial mindset are always looking for new opportunities. They're willing to take risks and are constantly innovating and thinking of new ideas. They're also usually very passionate about their work and have a strong drive to succeed. If you want to be successful in entrepreneurship, it's important to develop an entrepreneurial mindset. This means being open to new ideas, taking risks, and always being on the lookout for new opportunities. An entrepreneurial mindset is essential for entrepreneurs.

### OBJECTIVES OF THE PROGRAM

To be successful in business, it's not just your own company that you need to intimately understand—you should have a deep understanding of the environment surrounding your company. To stay ahead of the competition, make the right choices for your organization's future, minimize losses and gain knowledge about the factors that affect your business both directly and indirectly, you need to undertake environmental scanning.

#### Topics covered:

- What is Environmental Scanning?
- Environmental Scanning Strategies
- Internal and External components of Business Environments
- Environmental scanning FAQ

## **OUTCOME OF THE PROGRAM:**

A thesis statement is a statement of your central argument — it establishes the purpose and position of your paper. If you started with a research question, the thesis statement should answer it. It should also show what evidence and reasoning you'll use to support that answer. The thesis statement should be concise, contentious, and coherent. That means it should briefly summarize your argument in a sentence or two, make a claim that requires further evidence or analysis, and make a coherent point that relates to every part of the paper. You will probably revise and refine the thesis statement as you do more research, but it can serve as a guide throughout the writing process. Every paragraph should aim to support and develop this central claim.

<b>Organized by :</b>	DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
<b>venue :</b>	West Godavari Institute of Science and Engineering

## OBJECTIVES OF THE PROGRAM

Enterprise resource planning (ERP) refers to a type of software that organizations use to manage day-to-day business activities such as accounting, procurement, project management, risk management and compliance, and supply chain operations.

There are three main types of ERP systems that function with different deployment model options. The most common types of ERP systems include cloud ERP, on-premise ERP, and hybrid ERP.

## OUTCOME OF THE PROGRAM:

Today's ERP systems provide an enormous range of business functionality, but they still need to connect to and synchronise with other applications and data sources – such as CRM and HCM software, e-commerce platforms, industry-specific solutions, and even other ERPs. With ERP integration, companies can gain a unified view of information from different systems, increase business process efficiency, improve customer experiences, and facilitate collaboration across teams and business partners.

## PROGRAMME REPORT

<b>Name of the programme :</b>	A one day workshop on “Importance Of Research Methodology In Engineering
<b>Date of the programme:</b>	13.05.2022
<b>Resource person details :</b>	R. PARDHA SARADHI, Professor Y.N College , NARASAPURAM Ph no:9440789319 Mail id:saradhi@gmail.com
<b>Program co-ordinator:</b>	Mrs.P.Sheela, Asst Prof HOD CSE DEPARTMENT, WISE ENGINEERING COLLEGE
<b>Organized by :</b>	DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
<b>venue :</b>	West Godavari Institute of Science and Engineering

### OBJECTIVES OF THE PROGRAM

When tasked with finding a solution to a problem, research helps identify, assess, and collate all the technical information that one can find. This can be used to break down concepts into main ideas and then apply strategies and techniques that one may have learned to create workable solutions.

#### Topics covered:

Qualitative analysis methods

Qualitative analysis is used to understand words, ideas, and experiences. You can use it to interpret data that was collected:

- From open-ended surveys and interviews, literature reviews, case studies, ethnographies, and other sources that use text rather than numbers.

# WEST GODAVARI INSTITUTE OF SCIENCE AND ENGINEERING

(Approved by AICTE –New Delhi and Affiliated to JNTU – Kakinada)

An ISO 9001 – 2008 Certified College

AVAPADU, PRAKASARAOPALEM – 534112 , Nallajerla Mandal, W.G.Dist. (A.P.)..

Cell : 9951277789, E-mail : [principal.wise@gmail.com](mailto:principal.wise@gmail.com) , website : [www.wise.ac.in](http://www.wise.ac.in)

## Quantitative analysis methods

Quantitative analysis uses numbers and statistics to understand frequencies, averages and correlations (in descriptive studies) or cause-and-effect relationships (in experiments).

You can use quantitative analysis to interpret data that was collected either:

- During an experiment.
- Using probability sampling methods.

## OUTCOME OF THE PROGRAM :

Research methodology is a collection of techniques that researchers use to gather information. It includes the steps that you may take to ensure that your research is valid, reliable, unbiased and achieves your objectives. It describes what data you may collect to better understand your topic and who you might collect it from.

<b>Organized by :</b>	DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
<b>venue :</b>	West Godavari Institute of Science and Engineering

### OBJECTIVES OF THE PROGRAM

Intellectual property (IP) pertains to any original creation of the human intellect such as artistic, literary, technical, or scientific creation. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time.

Topics covered:

# WEST GODAVARI INSTITUTE OF SCIENCE AND ENGINEERING

## **OUTCOME OF THE PROGRAM:**

Understanding the different types of intellectual property is an important knowledge that all in-house counsel should master. Patents, trademarks, copyrights, and trade secrets are valuable assets of the company and understanding how they work and how they are created is critical to knowing how to protect them.

## OBJECTIVES OF THE PROGRAM

A business can range from a single proprietor enterprise to a large corporation which employs thousands of workers across multiple countries. Based on the scale of business, organizations are classified as micro-enterprises, small-scale enterprises, large scale industries, public enterprises, and multinational corporations. The term 'large-scale' is generic in nature and includes different types of industries. In India, the following heavy industries fall under the purview of large scale industries:

- Iron and Steel Industry
- Textile Industry
- Automobile Manufacturing Industry
- Over the last two decades, Information and Technology (IT) industry has evolved and has contributed huge revenues while creating thousands of jobs for Indians. Hence, many economists include it in the large-scale industry sector.
- Telecom Industry

## OUTCOME OF THE PROGRAM:

In recent trends, as the markets opened up due to globalization, there has been a mixed effect on large-scale industries. There are some who have managed to attract international customers, foreign trade and technology, tie-ups. However, there are also others who were unable to cope with the competitiveness ushered in by the open market.
