A chess game is the most intelligent game ever invented. It helps one think critically even in day to life: it's referred to as "game of the mind." It has its own rules that have varied since, but others remained. Two people play the chess game on a chessboard that has sixty-four squares. The board has dark and light patterns, the horizontal row is called the files, and vertical rows are called ranks. Chess competition was conducted for Undergraduate students of WISE were participated in the Chess competition and awarded to the winners. The event was coordinated by B Anusha.

REPORT

Name of the program : Sankranthi Sambaralu

Date of the program : 14-01-2022

The Management, Principal, staff and students of WISE College celebrated "Sankranthi Sambaralu" in the college premises on 14th January 2022.

Sankranti, also called 'Makara Sankranti' is celebrated to mark the beginning of the harvesting season in India. The students dressed in their traditional best decorated the premises with Rangoli and took part in various activities. The entire college wore a colorful look with Rangolies, Students decorated the Rangolies by keeping "Gobemmas" at the center of Rangolies.

Sankranti is one of the most important festivals for Indians and one that holds immense physical and spiritual significance. It is a festival when farmers rejoice at the good harvest and express their gratitude to the Sun, the Earth and the cattle for their bountiful blessings. It marks the end of the dull and dreary winter and the onset of colorful and joyous spring. The initiative was appreciated by Dr. M.Aravind Kumar, Principal of the college and in his Sankranthi wishes message, he addressed the students, to fly high on their Dreams and aspirations like a kite, but stay grounded on your values like the string that holds the kite.
