ABOUT COLLEGE

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14-acre campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul

Courses Offered:

B-Tech

E.C.E

C.S.E

MECH

AI&DS

M.B.A

ABOUT PROGRAM

It is a one week offline faculty development program. The program aims at enhancing the academic and intellectual environment in the institution by providing faculty members with enough opportunities to pursue research and also to participate in seminars /conferences /workshops

OBJECTIVES OF PROGRAM

Objectives of intellectual property refer to the purposes of protection granted to creators of innovative intellectual creations. Intellectual property (IP) rights serve the important purpose of ensuring that creators will be recognized for their efforts and protected from infringement. When they are sure that their works are protected, creators are more likely to come up with more new creations. As such, IP also helps to promote creativity and innovation. There are many different forms of IP, each of which is protected by a certain type of IP rights.

Topics to be Covered:-

Copyright and rights related to copyright

The rights of authors of literary and artistic works (such as books and other writings, musical compositions, paintings, sculpture, computer programs and films) are protected by copyright, for a minimum period of 50 years after the death of the author.

Industrial property.

Industrial property can usefully be divided into two main areas:

One area can be characterized as the protection of distinctive signs, in particular trademarks (which distinguish the goods or services of one undertaking from those of other undertakings) and geographical indications (which identify a good as originating in a place where a given characteristic of the good is essentially attributable to its geographical origin).

Program Objective:

Objectives of intellectual property refer to the purposes of protection granted to creators of innovative intellectual creations. Intellectual property (IP) rights serve the important purpose of ensuring that creators will be recognized for their efforts and protected from infringement. When they are sure that their works are protected, creators are more likely to come up with more new creations. As such, IP also helps to promote creativity and innovation. There are many different forms of IP, each of which is protected by a certain type of IP rights.

○ Topic covered:

. Intellectual property rights are customarily divided into two main areas:

(i) Copyright and rights related to copyright

The rights of authors of literary and artistic works (such as books and other writings, musical compositions, paintings, sculpture, computer programs and films) are protected by copyright, for a minimum period of 50 years after the death of the author.

Also protected through copyright and related (sometimes referred to as “neighbouring”) rights are the rights of performers (e.g. actors, singers and musicians), producers of phonograms (sound recordings) and broadcasting organizations. The main social purpose of protection of copyright and related rights is to encourage and reward creative work.

(ii) Industrial property.

Industrial property can usefully be divided into two main areas:

One area can be characterized as the protection of distinctive signs, in particular trademarks (which distinguish the goods or services of one undertaking from those of other undertakings) and geographical indications (which identify a good as originating in a place where a given characteristic of the good is essentially attributable to its geographical origin).

The protection of such distinctive signs aims to stimulate and ensure fair competition and to protect consumers, by enabling them to make informed choices between various goods and services. The protection may last indefinitely, provided the sign in question continues to be distinctive.

Other types of industrial property are protected primarily to stimulate innovation, design and the creation of technology. In this category fall inventions (protected by patents), industrial designs and trade secrets. The social purpose is to provide protection for the results of investment in the development of new technology,

An ISO 9001 - 2008 Certified College

AVAPADU, PRAKASARAOPALEM - 534112 , Nallajerla
Mandal, E.G.Dist. (A.P.)..

ABOUT COLLEGE

West Godavari Institute Of Science and Engineering
– A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14-acre campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul

Courses Offered:

B-Tech

E.C.E

C.S.E

MECH

AI&DS

M.B.A

ABOUT PROGRAM

It is a one week offline faculty development program. The program aims at enhancing the academic and intellectual environment in the institution by providing faculty members with enough opportunities to pursue research and also to participate in seminars /conferences /workshops

OBJECTIVES OF PROGRAM

Machine learning is a method of data analysis that automates analytical model building. It is a branch of artificial intelligence based on the idea that systems can learn from data, identify patterns and make decisions with minimal human intervention. If you're working with machine learning and deep learning projects, there are thousands of Python libraries to choose from, and they can vary in size, quality, and diversity. Here is a curated list of the best Python libraries to help you get started on your machine learning journey. This list is based on popularity, derived from their reputation among Python library users.

Principal

**West Godavari Institute of
Science & Engineering (T)**
Avapadu, Prakasaraopalem

W. G. I. /

Topics to be Covered:-

- Introduction to Machine Learning, Issues and Case studies, Descriptive statistics and Inferential statistics which is most essential for any learning algorithms. The last session covers Introduction to Python and problem solving in python.
- problem solving using python followed Hackathon in Python using Nabin bootcamp online platform
- Pandas for handling real dataset, Numpy for using mathematics library and Matplotlib for visualization using Jupyter notebook
- Randomized Algorithms for predictions, Binarization of the dataset, Confusion matrix and performance metrics for predictions like precision, accuracy and recall
- Linear regression, logistic regression and Multivariate regression for Raw Datasets and Actual data sets.

PROGRAM REPORT

Name of the Program	A One week Faculty Development Program On Machine learning Using Python Tools
Date of the Program	11-07-2022 to 16-07-2022.
Resource person details	K.Umamaheswari Devi Srinivasa Institute Of Technology And Science College Kadapa Assistant professor, CSE department Phno: 7093526639 Email: umamaheshwarikumbha@gmail.com
Program Convener	Mrs. P.SHEELA
Program Coordinator	Mr. M. CHILAKAIAH
Organized By	Department of Computer Science Engineering
Venue	West Godavari Institute of Science and Engineering College

Objective of the program:

Machine learning is a method of data analysis that automates analytical model building. It is a branch of artificial intelligence based on the idea that systems can learn from data, identify patterns and make decisions with minimal human intervention. If you're working with machine learning and deep learning projects, there are thousands of Python libraries to choose from, and they can vary in size, quality, and diversity. Here is a curated list of the best Python libraries to help you get started on your machine learning journey. This list is based on popularity, derived from their reputation among Python library users.

Topics Covered:

- Introduction to Machine Learning, Issues and Case studies, Descriptive statistics and Inferential statistics which is most essential for any learning algorithms. The last session covers Introduction to Python and problem solving in python.
- problem solving using python followed Hackathon in Python using Xobin bootcamp online platform

WEST GODAVARI INSTITUTE OF SCIENCE AND ENGINEERING

(Approved by AICTE –New Delhi and Affiliated to JNTU – Kakinada)

An ISO 9001 – 2008 Certified College

AVAPADU, PRAKASARAOPALEM – 534112, Nallajerla Mandal, W.G.Dist. (A.P.).
Cell: 9951277789, E-mail: principal.wise@gmail.com , website : www.wise.ac.in

- Pandas for handling real dataset, Numpy for using mathematics library and Matplotlib for visualization using Jupyter notebook
- Randomized Algorithms for predictions, Binarization of the dataset, Confusion matrix and performance metrics for predictions like precision, accuracy and recall
- Linear regression, logistic regression and Multivariate regression for Raw Datasets and Actual data sets.
- a modeling of Human Brain Neuron and all are implemented with different datasets and observed the behavior of the Perceptron. Session 2 covers most powerful classifier Naïve Bayes for different datasets.
- Support Vector Machine and K Nearest Neighbor classifier with case studies.
- Back Propagation, Linear Vector Quantization (VCQ) Principal Component Analysis, Natural Language Processing / Text Mining using Tensor flow and Recommendation Systems / Sentiment Analysis using Tensor flow

Faculty response: All the faculty are impressed with the new advancement in the surveying techniques and forward to learn the total station and enthusiastic to teach the students about these new techniques

ABOUT PROGRAMME

It is a one week offline faculty development program. The program aims at enhancing the academic and intellectual environment in the institution by providing faculty members with enough opportunities to pursue research and also to participate in seminars /conferences /workshops

OBJECTIVES OF PROGRAMME

Management of education refers to the organization and allocation of all operations and resources related to education. However, management of education also requires leadership. It covers the entity of structures, regulations and procedures, the management and decision-making processes of education, roles and responsibilities and pedagogical management. Pedagogical management refers to the management of teaching and learning and its key areas include curriculum work, teaching staff's competence and its development, teaching and learning resources as well as support and promotions of the students learning.

Principal
West Godavari Institute of
Science & Engineering (WISE)
Prakasaraopalem

Topics Covered:-

The teachers participation in managing education by taking responsibility for the development of the content and pedagogies of their teaching the studies they are in charge of and their own competence. The teacher take part in the curriculum work as well as the evaluation and development of operations in accordance with the practices of curriculum work and the feedback system and while acting as a member of a competent body or a work group. Teaching development work embedded in the education in collaboration with their colleagues. High quality management of education stems from the accountability and co operation of everyone involved in teaching. Committed teachers developing continuously their work deserve committed actors in the management of education to support their work.

CIRCULAR

This is to inform that West Godavari Institute of Science and Engineering College is organizing “A one week Faculty development program on Advances in Electronic Device Modeling and Simulation Studies” from 13-06-2022 to 18-06-2022. All the faculty members of concerned department are requested to register and attend the program.

A ONE WEEK FACULTY DEVELOPMENT
PROGRAM ON Advances in Electronic
Device Modeling and Simulation Studies

Program

13-06-2022 to 18-06-2022

Organized by

ELECTRONICS AND COMMUNICATION
ENGINEERING DEPARTMENT

Venue:

West Godavari Institute of Science and
Engineering

(Approved by AICTE - New Delhi and Affiliated to JNTU - Kakinada)

An ISO 9001 - 2008 Certified College

AVAPADU, PRAKASARAOPALEM - 534112 . Nallajerla
Mandal, E.G.Dist. (A.P.).

ABOUT COLLEGE

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14-acre campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul

Courses Offered:

B-Tech

E.C.E

C.S.E

MECH

AI&DS

M.B.A

ABOUT PROGRAM

It is a one week offline faculty development program. The program aims at enhancing the academic and intellectual environment in the institution by providing faculty members with enough opportunities to pursue research and also to participate in seminars /conferences /workshops

OBJECTIVES OF PROGRAM

Electronics & ICT Academy " was set up at NIT Warangal with financial Assistance from MeitY, Govt. The jurisdiction of this academy is Telangana, Andhra Pradesh, Karnataka, Goa, Pondicherry and Andaman & Nicobar Islands. This academy role is to offer faculty development programmes in standardized courses and emerging areas of Electronics, Information Communication Technologies, training & consultancy services for Industry, Curriculum development for Industry, CEP for working professionals, Advice and support for technical incubation and entrepreneurial activities. As part of an initiative, a Faculty Development Programme (FDP) on "ADVANCES IN ELECTRONIC DEVICE MODELING AND SIMULATION STUDIES" is being conducted by Department of ECE at Marri Chittoor Engineering College, Saidabad, Hyderabad to the faculty of Engineering college and other allied

Principal
West Godavari Institute of
Science & Engineering (WSE),
Araspedu, Prakasaraopalem
W. G. Dt. (A. P.)

Topics to be Covered:-

- Basics- Modelling and Simulation
- Trends in VLSI
- CMOS VLSI Building Blocks & Design Issues
- Analog Design, Analog Layout issue & Challenges
- Low power Design Concepts & Introduction to Functionality of simulator
- A review on Memristors
- MOSFET Scaling – Issues & Solutions, Double-gate MOSFET Modeling
- Research – FinFET & NWFET

disciplines in India. Industry personnel working in the concerned /allied discipline can also attend. The FDP covers recent trends in Semiconductor Devices and provides an insight knowledge in research topics with solutions.

Topics Covered:

- Basics- Modelling and Simulation
- Trends in VLSI
- CMOS VLSI Building Blocks & Design Issues
- Analog Design, Analog Layout issue & Challenges
- Low power Design Concepts & Introduction to Functionality of simulator
- A review on MemOristors
- MOSFET Scaling – Issues & Solutions, Double-gate MOSFET Modeling
- Research – FinFET & NWFET

Faculty response: All the faculty are impressed with the new advancement in the surveying techniques and forward to learn the total station and enthusiastic to teach the students about these new techniques.

Programme Report

Name Of The Programme	"A one day Training Programme On E-CAP"
Date Of The Programme	16.11.2022
Resource Person Details	G.ANITHA Sr.coputer assistant Grapes college Ponguturu West Godavari
Programme Coordinator	T.HIMA BINDU
Organized By	ECE DEPARTMENT
Venue	west Godavari institute of science and engineering college

Programme Objective:

E –CAP aims at immediate availability of data in required formats that ease the work of staff and manager and increase in transparency and accountability in administration

Topic covered:

Internet or Intranet enabled Application User Levels with Access Right for Data Security /Course/Branch Category/Student fee Dues reports. Tracks perform of scholarship student's fee/Attendance Reminders and progre report Attendance and marks analysis.

Faculty response:

All non teaching staff are impressed with the new techniques and education system can be improved in effective way.
