## ABOUT DEPARTMENT :

Our students at the Department of Computer Science Engineering (CSE) prepare for a career that is at the heart of the modern industrial revolution. Steeped in logic, mathematics, and computers, we offer a course that helps students solve some of the toughest engineering and scientific challenges the Society faces today and venture into a promising future.

Our expert faculty and advanced research infrastructure motivate aspiring professionals to pursue CSE at our college and build bright careers in almost any field in engineering and science, from IT and automobiles to space.

## ABOUT COLLEGE :

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

## PROGRAM REPORT

**Name of Program:** A Two week Certificate Program on “Java Full Stack”.

**Date :** 12.08.2019 to 24.08.2019.

**Resource Person:** Mr.V.N.Raju

Assistant Professor, WISE College,

Prakasaraopalem, Avapadu, Tadepalligudem.

**Name of Coordinator:** Mrs.P.Sheela

Asst.Professor, Dept of CSE

Ph.No: 9493007830

Mail ID:sheelapitta@gmail.com

**No. of Students attended:** 55

**Venue:** IV CSE Class Room, Wise college.

The Department of Computer Science and Engineering has organized a Two Week certificate Program on “Java Full Stack” on 12.08.2019 to 24.08.2019 at WISE College, Prakasaraopalem. Mr.V.N.Raju, Assistant Professor at WISE college, has delivered a lecture on “JAVA FULL STACK” as industrial level and this topic is very helpful for the students. Total 55 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

### Objectives:

- A java full stack developer uses this programming language in combination with relevant frameworks to develop software, applications, APIs.
- Design back-end architecture using multiple technologies.
- Build front-end technologies to create user interfaces.
- Build flexible applications and websites as per client and end-user preferences.

### ABOUT DEPARTMENT :

The department of Electronics and Communication Engineering was inaugurated in the year 2008, with in-take of 60 seats and in the year 2009 the no of seats extended to 120. The Electronics and communication engineering program is recognized by All India Council for Technical Education (AICTE)-New Delhi, a statutory body of Government of India and approved by Jawaharlal Nehru Technical University, Kakinada. The Department is known for its esteemed faculty members who are renowned for their path-breaking contributions in the field of electronics and communications. Ambitious is probably an understatement when it comes to proving their mettle, our students let their practical knowledge and theoretical soundness do the talking.

### ABOUT COLLEGE :

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

## ABOUT DEPARTMENT :

The Department of Mechanical Engineering from the day of its inception has been taking long strides in the field of science and Engineering. One of the leading and active Departments, anticipated the rapid developments in technology and software and provided the most sophisticated laboratory facilities & excellent infrastructure. The Department has well qualified dedicated enthusiastic teaching & technical staff.

It is a discipline that finds wide scope in emerging areas like CAD, CAM, CIM, Robotics, Mechatronics and Renewable Energy etc. experiential learning and student project work. Utilizing these facilities students regularly participate in professional body activities like ASME, INVC and SAE Baja and win prizes. Students are encouraged to improve their innovative skills. As a result, some of the students' projects were converted into products.

## ABOUT COLLEGE :

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 acres campus at Prakasaraopalem, Tadepaligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

## *Topic: Pipeline Engineering*

### **RESOURCE PERSON :**

**Mr. N. Kodayya,**  
Asst. professor,  
Department of MECH,  
WISE.

### **DATES:**

09.09.2019 to 21.09.2019

### **VENUE:**

III ECE Class Room,  
WISE College

### **CO - ORDINATOR:**

**Mr.K.Bharath Kumar,**  
Asst. Professor  
Department of MECH,  
WISE.

### **OBJECTIVES:**

To provide an overview of the fundamental engineering principles for the design, construction and operation of onshore and offshore energy pipeline transportation systems.

### **LEARNING OUTCOMES:**

1. The market strategy for customer acquisition, growth, and retention
2. How success for customer acquisition, growth, and retention will be measured and the expected contribution by each organization
3. A customer-centric pipeline that reflects how the organizations work together and are aligned around customer buying process
4. Clear definitions for each stage of the process, lines of responsibility for each stage in the pipeline and what constitutes when an opportunity can move forward in a stage.
5. Marketing and Sales measures and tactics associated with each stage

## PROGRAM REPORT

**Name of Program:** A Two week Certificate Program on “Pipeline Engineering”.

**Date :** 09.09.2019 to 21.09.2019.

**Resource Person:** Mr.N.Kondayya,

Asst.Professor, WISE College,

Prakasaraopalem, Avapadu, Tadepalligudem.

**Name of Co-ordinator:** Mr.K.Bharath Kumar,

Asst.Professor, Dept of ME.

**No. of Students attended:** 25

**Venue:** II ME Class Room, WISE College.

The Department of Mechanical Engineering has organized a Two Week certificate course on “Pipeline Engineering” on 09.09.2019 to 21.09.2019 at WISE College, Prakasaraopalem. Mr.N.Kondayya, Assistant Professor at WISE college, has delivered a lecture on PIPELINE ENGINEERING as industrial level and this topic is very helpful for the students. Total 25 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

### Objectives:

To provide an overview of the fundamental engineering principles for the design, construction and operation of onshore and offshore energy pipeline transportation systems.

### Learning Outcomes:

- The market strategy for customer acquisition, growth, and retention.

### ABOUT DEPARTMENT :

Our students at the Department of Computer Science Engineering (CSE) prepare for a career that is at the heart of the modern industrial revolution. Steeped in logic, mathematics, and computers, we offer a course that helps students solve some of the toughest engineering and scientific challenges the Society faces today and venture into a promising future.

Our expert faculty and advanced research infrastructure motivate aspiring professionals to pursue CSE at our college and build bright careers in almost any field in engineering and science, from IT and automobiles to space.

### ABOUT COLLEGE :

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

**OBJECTIVES:**

1. A blockchain is a distributed database or ledger shared among computer network's nodes.
2. They are best known for their crucial role in cryptocurrency systems for maintaining a secure and decentralized record of transactions, but they are not limited to cryptocurrency uses.
3. Different types of information can be stored on blockchain but the most common use of transaction has been as a ledger.

**LEARNING OUTCOMES:**

Blockchain increases trust, security, transparency, and the traceability of data shared across a business network-and also delivers cost savings with new efficiencies.

Blockchain for business uses a shared and immutable ledger that can only be accessed by members with permission.

## ABOUT DEPARTMENT :

The department of Electronics and Communication Engineering was inaugurated in the year 2008, with in-take of 60 seats and in the year 2009 the no of seats extended to 120. The Electronics and communication engineering program is recognized by All India Council for Technical Education (AICTE)-New Delhi, a statutory body of Government of India and approved by Jawaharlal Nehru Technical University, Kakinada. The Department is known for its esteemed faculty members who are renowned for their path-breaking contributions in the field of electronics and communications. Ambitious is probably an understatement when it comes to proving their mettle, our students let their practical knowledge and theoretical soundness do the talking.

## ABOUT COLLEGE :

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

A Two Weeks Add on Course on  
**Embedded Software and Hardware Architecture with  
system design**

**RESOURCE PERSON :**

**Mr. K. Anand,**

Asst. professor,  
Department of ECE,  
WISE

**DATES:** 03rd to 13th, Feb. 2020

**VENUE:** III ECE Class Room,  
WISE College

**CO - ORDINATOR:**

**MRS.P.SHEELA,**

Asst.Prof, Department of CSE,  
WISE.

Contact No: 9493007830

Mail ID: sheelapitta@gmail.com

**OBJECTIVES:**

1. Embedded Software and Hardware Architecture is a first dive into understanding embedded architectures and writing software to manipulate this hardware.
2. The embedded systems design process is to effectively translate project requirements into product specifications and eventually into a product that meets project objectives within the identified design constraints.

**LEARNING OUTCOMES:**

1. Develop embedded computer system based on 32-bit microcontroller
2. Apply tools for electro mechanic and functional debugging and testing of embedded computer systems
3. Develop target dependent software which uses retargeting and semi hosting calls.
4. Apply built-in peripherals for communication between microcontroller and environment.

**No. of Students attended:** 50

**Venue:** III ECE Class Room, WISE college.

The Department of Electronics Communication and Engineering has organized a Two Week certificate Program on “Embedded Software and Hardware Architecture with System Design” on 03.02.2020 to 13.02.2020 at WISE College, Prakasaraopalem. Mr.K.Anand, Assistant Professor at WISE college, has delivered a lecture on “EMBEDDED SOFTWARE AND HARDWARE ARCHITECTURE WITH SYSTEM DESIGN” as industrial level and this topic is very helpful for the students. Total 50 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

### Objectives:

- Embedded Software and Hardware Architecture is a first dive into understanding embedded architectures and writing software to manipulate this hardware.
- The embedded systems design process is to effectively translate project requirements into product specifications and eventually into a product that meets project objectives within the identified design constraints.

## About Department

MBA is a master's degree in business administration, which attracts people from a wide range of academic disciplines. The institute offers a postgraduate degree in management which is recognized in India.

In the MBA program, student teams participate in different projects that benefit the student community and local service organizations to bring greater awareness among the people. The service project is a required part of orientation week for students in the MBA program in the college. The orientation focuses on team building and learning practical skills for effectively working in and managing a team.

## Objectives:

To improve morale and motivation level of employees. To reduce employee turnover. To practice a balanced 'promotion from within' policy. To make employees adaptable to changes.

## Learning Outcomes:

Career development is often facilitated by HR functions such as learning and development, talent management or recruiting and by HR business partners or managers in the organization.

### Vision

To work for excellence in the management education focuses on overall development of the student to reach the organizational expectations

### Mission

Our mission is to develop the updated managers who can predict, evaluate and solve the organizational problems.

## PROGRAM REPORT

**Name of Program:** A Two week Certificate Program on “HR Growth For Carrer Growth”

**Date :** 09.03.2020 to 21.03.2020.

**Resource Person:** Mr.K.Hanmanth Rao  
Asst .Professor, WISE College,  
Prakasaraopalem, Avapadu, Tadepalligudem.

**Name of Coordinator:** M.Satish,  
Asst.Professor, Dept of MBA,  
WISE College.

**No. of Students attended:** 47

**Venue:** II MBA Class Room, Wise college.

The Department of Master of Business Adminstrations organized a Two Week certificate program on “HR Growth for Carrer Growth” on 09.03.2020 to 21.03.2020 at WISE College, Prakasaraopalem. Mr.K.Hanmanth Rao , Assistant Professor at WISE college, has delivered a lecture on “Recent Trends in Digital Marketing” and this topic is very helpful for the students. Total 47 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

### **Objectives:**

The program aims at developing an overall understanding of digital marketing online marketing platforms, mainly web analytics, social media tools, marketing through search engines.

- To improve morale and motivation level of employees.
- To reduce employee turnover. To practice a balanced 'promotion from within' policy.
- To make employees adaptable to changes.

## Learning Outcomes:

- Critically evaluate the key analytical frameworks and tools used in marketing.
- Apply key marketing theories, frameworks and tools to solve Marketing problems.
- Utilise information of a firm's external and internal marketing environment to identify and appropriate marketing strategies.
- Career development is often facilitated by HR functions such as learning and development, talent management or recruiting and by HR business partners or managers in the organization.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.
